

THE CITSCIBIO NEWSLETTER

Issue 30

NEWS

A roundup of citizen science and crowdsourcing stories from around the globe.

[**#CitSciDay2019: Global Community**](#)

Citizen Science Day is an annual celebration presented by SciStarter and the Citizen Science Association in an effort to connect people to real research in need of their help...[\[read more\]](#)

[**Rising Innovator: Striving for 'Environmental Justice' Researcher Turns to Citizen Scientists**](#)

For one scientist, engaging with the public is one of the more important—and rewarding—parts of her research...[\[read more\]](#)

[**Mozilla's voice data crowdsourcing project Common Voice launches in Simplified Chinese Mandarin**](#)

Speech interfaces are the next frontier for the Internet. In-car assistants, smart watches, lightbulbs, bicycles and thermostats - the number of speech-enabled devices is increasing daily...[\[read more\]](#)

[**Bumble Bees May Be More At Risk Than We Thought**](#)

You can use a smartphone to participate in science research, no degree required, and maybe help save the bumble bee population...[\[read more\]](#)

[**Microbiology capstone course plumbs life's mysteries in the deep ocean**](#)

As one of April's last snowstorms swirls outside, obscuring the view of west campus, the students' thoughts inside turn to warmer climes...[\[read more\]](#)

[**Sound Justice: Citizen Science, Noise, and the Quest for Equity**](#)

At the start of World War I, thousands of soldiers were coming down with a baffling condition: they became blind, deaf, lost their memory, or developed uncontrollable shaking despite no obvious physical injury...[\[read more\]](#)

[**Citizen Scientists Release Study On New Hampshire**](#)

LIBRARY

[**Over 2,300 publicly accessible journal articles**](#) available thanks to the [National Library of Medicine \(NLM\)](#).

-RECENTLY ADDED-

[**Developing Theory-Driven, Evidence-Based Serious Games for Health: Framework Based on Research Community Insights.**](#)

[**Assessing the Accuracy of Citizen Scientist Reported Measurements for Agrichemical Contaminants.**](#)

[**Framing Mental Health Within Digital Games: An Exploratory Case Study of Hellblade.**](#)

[**Crowdsourcing in medical research: concepts and applications.**](#)

[**Recruitment in online research for COPD: leveraging social media and research registries.**](#)

[**Assessing health impacts of home food gardens with Wind River Indian Reservation families: protocol for a randomised controlled trial.**](#)

[**Hybrid Resiliency-Stressor Conceptual Framework for Informing Decision Support Tools and Addressing Environmental Injustice and Health Inequities.**](#)

[**Proceedings of the 2017**](#)

Tick-Borne Disease

A new study by BeBop Labs reveals an unsavory truth: tick bites occur all-year round, not just during spring and summer as previously assumed...[\[read more\]](#)

[Advancing the Science of Community Engaged Research \(CEnR\) Conference.](#)

[Crowdbreaks: Tracking Health Trends Using Public Social Media Data and Crowdsourcing.](#)

[Crowdsourcing the Citation Screening Process for Systematic Reviews: Validation Study.](#)
