Jobs

One Tam Community Science Program Assistant

Based out of San Rafael, CA, the One Tam Community Science team connects people to the lands of Mount Tamalpais by providing opportunities to contribute to the conservation science efforts of partner agencies. The team supports the health of Mount Tamalpais through a variety of community (citizen) science activities that aim to address ecological data gaps, implement long-term monitoring, provide formal and informal science education, and promote curiosity and participation in a wide range of audiences. [More...](#)

Apps due October 22.

Did we miss something?

CitSciBio is free for anyone to use and share information, resources, news, events--the list goes on! If there is something you have a question about, feedback you'd like to give, or something you'd like to see featured in the monthly newsletter (and more) you can always contact us at support@citscibio.org.
